The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

I. GENERAL

A. The United States Department of Agriculture (USDA) will periodically issue an Invitation for offers (Invitation) under this Announcement to sell to USDA all purpose egg mix (commodity). The Commodity Specification listed below is published separately and is incorporated herein and made a part hereof.

Commodity Specification for All Purpose Egg Mix dated July 2003

- All Purpose Egg Mix 6 oz. Pouches (076048)
- All Purpose Egg Mix 10 lb Bags (076010)

B. The Invitation will specify the commodity, the offer date, the delivery period, the destinations, estimated quantities, the closing time for receipt of offers, and any provisions applicable to the proposed procurement which are in addition to or different from those contained in this Announcement. Provisions of the General Terms and Conditions for the Procurement of Agricultural Commodities or Services, Revision No. 2, dated November 1984, and Amendments 1, 2, 3, and 4, dated October 1990, November 1990, August 1989, and March 1990, respectively (USDA-1), are incorporated herein except as specifically excluded. Offerors are cautioned to carefully read all applicable terms and conditions of USDA-1, this Announcement, the applicable Invitation, and the applicable Commodity Specification. The Contractor is cautioned that statements made by persons other than the Contracting Officer are not binding on the Government unless subsequently confirmed in writing by the Contracting Officer.

C. Offer prices will be f.o.b. (or f.a.s. vessel) at the destinations listed in the applicable Invitation. Offers will be invited on a purchase unit basis or multiples thereof, except that from time to time the Invitation will indicate two or more destinations in a line item which will require a split delivery (drop) at each destination. Delivery by either mechanically refrigerated trucks or mechanically refrigerated railcars is at the option of the Contractor except for those destinations which specify the method of delivery.

D. Responsibility of Offeror

A firm submitting an offer under this Announcement must meet the Federal standards for responsibility in the Federal Acquisition Regulations at 48 C.F.R. part 9, USDA-1, and this Announcement. Facilities to be used in fulfilling USDA contracts must be operating under the provisions of the Egg Products Inspection Act (EPIA) and regulations issued thereunder. All subcontractors and suppliers subject to the EPIA who will be utilized in fulfilling this procurement, either directly or indirectly, must first be approved by the Contracting Officer for responsibility. Approval must be received prior to their performance under this Announcement. Offerors must submit a complete list of all subcontractors and suppliers, including potential subcontractors and suppliers, prior to the offeror's participation in this program. During the life of the Announcement, offerors must update the list of subcontractors and suppliers as changes occur. Subcontractors and suppliers will be determined to be nonresponsible if they have been suspended or debarred and that suspension or debarment is in effect at the time of a bid or during performance.

In addition to the certifications required by Parts C and D of USDA-1, the offeror must also certify in item 6 of the offer, that: (1) all producing plants specified in the offer are facilities

operating under the provisions of the EPIA; (2) neither the offeror nor any of its officials are currently suspended or debarred as defined under 48 C.F.R. § 9.4; (3) the offeror will identify to the Contracting Officer all prospective subcontractors and suppliers subject to the EPIA and request a determination of responsibility prior to their performance; (4) the offeror will only utilize those subcontractors or suppliers in fulfilling the contract who have been approved by USDA; and (5) the offeror will include these certification requirements in every subcontract for the egg component of this commodity.

Offerors are cautioned NOT to OFFER quantities in excess of what they can reasonably expect to timely deliver in accordance with the contract. Deliveries must be made during the contracted delivery period. No extensions will be granted due to weekends or Federal holidays. Because this commodity is used in domestic food programs, on-time delivery is imperative. See Section VIII.B. as to the importance of timely delivery and the difficulty inherent in quantifying actual damages for delay in delivery. Late deliveries cause serious and substantial damages to USDA and to other agencies that use this commodity. **Contractors delivering late on contract(s) must immediately notify the Contracting Officer of late deliveries and how soon delivery can be expected. Additionally, if the Contractor intends to request an extension of time due to causes beyond the control or negligence of the Contractor, such notice must be made to the Contracting Officer 3 business days in advance of a bid opening in which the contractor wants to bid. Notification and request for extension must include (1) documentary evidence of causes beyond Contractor's control for each day requested, (2) a production report of completed and/or expected production, including pounds and dates, and (3) actual or expected shipment or delivery dates by Delivery Order (D/O) numbers. (See Article 68 of USDA-1).** Offeror must certify to timely performance on outstanding contracts in each offer. A determination that the late performance is beyond the control or negligence of the Contractor or the Contractor's subcontractor must be made by the Contracting Officer prior to bid opening. An offeror may be deemed nonresponsible if the offeror, on other contracts with USDA, is shipping/delivering late and the late shipment/delivery is not due to causes beyond the Contractor's control or negligence. This provision is a deviation from 48 C.F.R. § 9.103(b) and § 19.6.

An offeror's false certification may result in rejection of the offer, suspension and debarment, termination of the contract, liability for damages under the provisions of USDA-1, civil damages, and criminal prosecution.

With respect to purchases under the 8(a) program, the conditions and clauses contained in the Agreement Between USDA, Agricultural Marketing Service (AMS), and the Small Business Administration (SBA) (Interagency Agreement), apply to the 8(a) Contractor as defined in 48 C.F.R. § 19.800(a). For the purposes of purchases made under the 8(a) program, reference to "Contractor," in all USDA contract documents, means the 8(a) Contractor. In accordance with the Interagency Agreement as authorized under 48 C.F.R. § 19.800(c), SBA has delegated responsibility to USDA for the administration of contracts awarded to 8(a) Contractors with complete authority to take any action on behalf of the Government under the terms and conditions of the contract. In the event of non-performance of a contract by an 8(a) Contractor or its subcontractor, it is agreed that no further contracts will be offered by the SBA to that Contractor during the current fiscal year or until claims for damages resulting from non-performance are settled.

E. Buy American Certification

End products furnished must be of domestic origin as defined in Section I.F., below. To the

extent, if any, that this provision is a deviation from 48 C.F.R. part 25 and for the purposes of this Announcement, this provision supersedes Articles 34 and 49 of USDA-1.

F. Domestic Products

The commodity must be of 100 percent domestic origin, meaning that it was produced and processed from poultry and/or egg products including maltodextrin (products) which were produced, raised, and processed only in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands (hereinafter referred to as "the United States"). If the Contractor processes or handles products originating from sources other than the United States, the Contractor must have an acceptable identification and segregation plan for those products to ensure they are not used in commodities purchased under this Announcement. This plan must be made available to a representative of the Processing Operations, Food Safety Inspection Service, USDA (Inspector), and the Contracting Officer or agent thereof upon request. The Contractor must ensure that both the contractor and subcontractor(s) maintain records such as invoices, or production and inventory records evidencing product origin, and make such records available for review by the Government in accordance with Article 76 of USDA-1. Contractor agrees to include this domestic origin certification clause in all subcontracts for products used in fulfilling contracts awarded under this Announcement. The burden of proof of compliance is on the Contractor. Failure to observe this requirement may lead to actions including, but not limited to, the assessment of actual and/or liquidated damages, suspension or debarment, contract termination, penalties at Title 18, Section 1001 of the US Code concerning falsification of information, or other remedies in favor of the Government as may be allowed by law. The attached form (EXHIBIT 3) must be completed for each contract awarded and be presented to the USDA Inspector at the processing facility prior to performance in this program, and the Contracting Officer or agent thereof upon request.

G. Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity

1. If the Government receives information that a contractor or person has engaged in conduct constituting a violation of subsection (a), (b), (c), or (d) of section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) (the Act), as amended, the Government may -

- a. Cancel the solicitation, if the contract has not yet been awarded or issued;
or
- b. Rescind the contract with respect to which -
 - (1) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct constitutes a violation of subsection 27(a) or (b) of the Act for the purpose of either -
 - (a) Exchanging the information covered by such subsections for anything of value; or

(b) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or

(2) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct constituting an offense punishable under subsection 27(e)(1) of the Act.

2. If the Government rescinds the contract under paragraph (1) of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the contract.

3. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this Announcement.

H. Service of Protest

1. Protests, as defined in 48 C.F.R. § 33.101, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the Contracting Officer by obtaining written and dated acknowledgment of receipt.

2. The copy of any protest shall be received in the office designated above within 1 day of filing a protest with the GAO.

II. SUBMISSION OF OFFERS

A. Where and How to Submit Offers

Offers must be submitted via the Internet by accessing the Domestic Electronic Bid Entry System (DEBES) (see Exhibit 4 for browser requirements). Offerors may request vendor DEBES Identifications and passwords by contacting the Contracting Office (202-720-7693). Offers submitted by any means other than DEBES will be considered nonresponsive.

Access the DEBES website at:

<https://pcsd.usda.gov:3077/mdbc1000.exe?>

Once connected to DEBES, follow the online procedures. Click on the “Help Button” for detailed instructions on using the system, or call (202) 720-7693 for assistance.

AMS will not be responsible for any failure attributed to the transmission of the bid data prior to being accepted and stored on our web server including, but not limited to, the following:

1. Any failure of the offeror's computer hardware or software.
2. Availability of the offeror's Internet service provider.
3. Delay in transmission due to the speed of the offeror's modem.
4. Delay in transmission due to excessive volume of Internet traffic.

Offers, modifications, or withdrawals of offers must be received in DEBES not later than **12 noon, Central Time**, on the Monday as indicated in the Invitation. Whether an offer, modification, or withdrawal is received within the time limitation will be determined by the latest time recorded in DEBES.

B. What to Submit

An offeror must have completed and submitted a Standard Form-129 and Certifications, Representations, and Warranties (Appendix-1), which must be signed by a duly authorized officer of the company, prior to making an offer. If not already received, copies of Standard Form-129 and Appendix-1 may be obtained from the Contracting Officer or the commodity procurement website at www.ams.usda.gov/cp. An offeror who has previously provided a Standard Form-129 must furnish updated information only.

The offeror must complete all portions of the Standard Form-129 (except item 18) in accordance with the attached EXHIBIT 1 and include the following information for Items 4, 8, 10, 16B, 19, and 20:

Items 4 and 8: The Federal inspection plant number.

Item 8: Identify all affiliates, including any parent company.

Item 10: The products the offeror is interested in supplying, weekly volume of production, and percent of capacity available for USDA contracts.

Item 16B: Identify the freezer or warehouse to be used and its storage capacity.

Items 19 and 20: Must be an officer of the company, as identified in item 7.

Offers must be submitted through DEBES. All sections of the offer form must be completed, including prices and constraints. Complete the certifications using the following as a guide. (See EXHIBIT 2 of this Announcement for examples of offers.)

1. Offer is made subject to Announcement PY-277; Appendix-1; the Commodity Specification for All Purpose Egg Mix dated July 2003; Invitation No. ____; and USDA-1.
2. Furnish the name, complete mailing address, and telephone number of office or person to receive shipping and delivery instructions. NOTE: FURNISH ADDRESS

WITH FIRST BID; THEREAFTER, ENTER "SAME" IF INFORMATION HAS NOT CHANGED. ONLY ENTER UPDATED INFORMATION AS NECESSARY.

3. Timely Performance Certification. All products required under any existing USDA contract(s) or subcontract(s) with a not-later-than delivery date prior to this bid opening have been delivered. Choose one:

- (a) The offeror (HAS) completed required performance of any contracts with USDA prior to this bid opening; OR
- (b) The offeror (HAS NOT) completed required performance of any contracts with USDA prior to this bid opening and (HAS) notified the Contracting Officer; OR
- (c) The offeror (HAS NOT) completed required performance of any contracts with USDA prior to this bid opening and (HAS NOT) notified the Contracting Officer; OR
- (d) The offeror (DOES NOT) have outstanding contracts with USDA.

4A. Certificate of Independent Price Determination.

(1) Offeror certifies that the person submitting this bid, as identified in item 8 below, (IS) the person in offeror's organization responsible for determining the prices being offered in this bid, and that the signatory (HAS NOT) participated and (WILL NOT) participate in any action contrary to subparagraphs (a)(1) through (a)(3) of the "Certificate of Independent Price Determination" clause of Article 30 of USDA-1; or

(2) Offeror certifies that the person submitting this bid, as identified in item 8 below, (IS) an authorized agent for (name of principal), and (DOES) certify that the principal named above has not participated and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) of the "Certificate of Independent Price Determination" clause of Article 30 of USDA-1; and, as agent, (HAS NOT) personally participated and (WILL NOT) participate in any action contrary to subparagraphs (a)(1) through (a)(3).

4B. Certificate of Independent Price Determination. If you selected 4A(1), type "NOT AGENT." If you selected 4A(2), furnish the name of the principal.

5. Offeror (HAS) submitted to the Contracting Officer Annual Certifications, Representations, and Warranties (Appendix-1). The Appendix-1 is current, accurate, and complete. Furnish the date of the Appendix-1.

6. Offeror (DOES) (DOES NOT) certify that the information previously submitted on the Solicitation Mailing List Application (SF-129) is accurate and is a part of this offer; and offeror makes the certification of responsibility required by Section I.D. of Announcement PY-277 and the certifications, representations, and warranties provided in Parts C and D of USDA-1.

7. Offeror requests HUBZone small business price evaluation preference (YES) (NO). Applies only to firms certified in the Small Business Administration's Historically Underutilized Business Zone program (48 C.F.R. § 19.13).

8. Furnish name, title, fax number, and phone number of person submitting this bid (must be an officer of the company or a person authorized to execute contracts on behalf of offeror). NOTE: See Article 6 of USDA-1.

EXHIBIT 2 provides an example of how offers may be submitted through DEBES.

III. ACCEPTANCE OF OFFERS

The Government contemplates award of a fixed-price supply contract resulting from this solicitation. Contracts will be awarded to responsible offerors whose offers conform to the Announcement and the applicable Invitation and whose offers are most advantageous to the Government in terms of, but not limited to, price, quantity requirements, and transportation costs. Acceptance of offers will be made by prepaid telegram or FAX filed at Washington, DC, not later than midnight, Washington, DC time, the Friday following the day for receipt of offers. The actual time of award is the time stamped on the acceptance wire at time of receipt by the USDA-AMS-Management Services Division (MSD)-Communications Office (CO). A notice of award will be issued in the form of a Food Purchase Report or other public announcement posted at the Department's Office of Public Affairs, News Division, after award and after 3 p.m., Washington, DC time, on the day of acceptance. After award information is posted, inquiries may be made to a USDA-AMS Poultry Programs Market News Office or the Contracting Officer. Failure to accept an offer will constitute rejection.

Acceptance as specified above will result in a binding contract without further action by either party. The actual time of award described herein is a deviation from 48 C.F.R. § 14.408-1. Information on awards is also available electronically through the USDA, AMS Home Page at <http://www.ams.usda.gov/cp> after award.

IV. PROVISIONS OF CONTRACT

The contract consists of this Announcement including Appendix-1, the applicable Invitation, the Commodity Specification, the Contractor's offer, Standard Form-129, the acceptance by USDA, and USDA-1, except Articles 34, 49, 50, and all of Part E. Article 56 of USDA-1 is hereby amended by deleting the words "shipment from origin" from the third line of paragraph (a) and

inserting in lieu thereof the word "delivery." Additionally, Articles 56, 65, and 67 of USDA-1 are hereby amended by deleting the words "ship," "shipping," "shipment(s)," and "shipped" and inserting as appropriate the words "delivery(ies)" or "delivered." If the provisions of contract documents are inconsistent, the following priority order will prevail: Invitation, Announcement, Specification, and USDA-1.

V. CONTRACT COMPLIANCE

The Contractor must assure compliance with all requirements of this Announcement and the Commodity Specification prior to submission of product to USDA for acceptance. Examination and certification by USDA are solely for the benefit of USDA and will not relieve the Contractor of its obligation and responsibility to deliver a product which complies with all requirements of this Announcement and the Commodity Specification. USDA approval of any part of the production process, including but not limited to equipment, will not relieve the Contractor of the responsibility for performing in accordance with the contract. Actual damages not duplicative of liquidated damages may be assessed for performance not in accordance with the contract.

VI. SHIPMENT AND DELIVERY

Shipment and delivery must be made in accordance with this Announcement; the Commodity Specification; the applicable Invitation; and Articles 56, 57, and 64 of USDA-1, as amended by this Announcement, and the Form KC-269 (Notice to Deliver) issued by Kansas City Commodity Office (KCCO). Contractor must closely follow delivery notification instructions contained in the Notice to Deliver. Such notification of delivery is vital, particularly in cases of minimal transit time.

When notified of shipments, consignees may request upgrading of delivery services or delivery to an alternate warehouse; for example, delivery within the consignee's premises or to a specific room within a building. Such delivery terms are beyond USDA contractual requirements. Any negotiations to upgrade services are between Contractor and consignee and any additional charges for special delivery terms are between the consignee and the Contractor. Any charges invoiced to USDA for additional delivery services will be denied.

Transportation cost adjustments for diverting product to new destinations will be made in accordance with the following provisions:

A. Truck

If USDA orders delivery to a destination other than the original destination named in the contract, transportation costs adjustments will be made at the rate of \$1.10 per mile per delivery unit based on the difference in miles between (1) the shipping point and new destination and (2) the shipping point and original destination.

Applicable mileage cannot exceed that published in the most recent "Household Goods Carrier's Mileage Guide" issued by the Household Goods Carrier's Bureau.

The following is an example illustrating the transportation cost adjustment for a change in destination:

	<u>Point</u>	<u>Points</u>
1	Anytown, NC (shipping point)	
2	Hometown, NC (original destination)	1 to 2 = 40 miles
3	Midtown, NC (new destination)	1 to 3 = 120 miles

For this delivery unit, USDA would increase payment to the contractor \$88 to compensate for 80 additional miles from the shipping point to the new destination at \$1.10 per additional mile. In the event the mileage is less when a change in destination is ordered, the payment would be reduced pursuant to Article 64 of USDA-1.

B. Railcar or Piggyback

Transportation costs adjustments for diverting product to the new destination using railcar or piggyback will be made in accordance with Article 64 of USDA-1.

C. Early Delivery

The Contractor may deliver early upon approval of the KCCO. Approval may be obtained by telephoning (816) 926-6068. Approval is contingent of the recipient's concurrence to accept early delivery and upon an Inspector being available to perform necessary checkloading and final acceptance duties.

VII. LIABILITY FOR LOSSES DUE TO DETERIORATION, SPOILAGE, OR RECALL

A. Loss Due to Deterioration or Spoilage

The Contractor is liable for losses due to deterioration or spoilage for which the Contractor is responsible, which are discovered within 1 year of date of delivery to USDA in accordance with the provisions of Article 61 of USDA-1.

B. Loss Due to Product Recalled for Health or Safety Risk

In accordance with Article 60 of USDA-1, the Contractor shall be held liable for failure of the commodity or product to meet all of the contract requirements. In the event the commodity or product is recalled due to a health or safety risk, the Contractor is responsible for removal and replacement of recalled commodities or products, and reimbursement of State and local costs incurred as a result of the recall, as outlined in the Food and Nutrition Service's (FNS) Commodity Hold and Recall Process. These costs include, at a minimum, storage, transportation, processing, and distribution of the commodities or products.

Additionally, when Contractor provides bulk product which is then further processed in accordance with a State contract, and that bulk product is subsequently recalled, the Contractor is responsible for all costs incurred by USDA, the State Distributing Agency, and/or recipient agencies, as outlined in the FNS's Commodity Hold and Recall Process. At a minimum, these costs include replacement of the raw commodity and reimbursement for processing costs.

VIII. LIQUIDATED DAMAGES

A. Compensation to the Contractor for Late Mailing of Notice to Deliver

Liquidated damages for failure to deliver the commodity during the delivery period due to late mailing of Notice to Deliver by the KCCO will be payable in accordance with Article 65 of USDA-1, as amended by Section IV., and will be at the rate of \$0.0025 per pound net per calendar day.

B. Compensation to USDA for Delay in Delivery

Liquidated damages for failure to deliver the commodity during the delivery period due to causes other than a late mailed Notice to Deliver will be payable in accordance with Article 67 of USDA-1, as amended by Section IV., at the rate of \$0.0025 per pound net per calendar day. When deliveries are made by contract carrier or vendor's own vehicle, the date shown on the Bill of Lading or destination USDA Egg Products Inspection Certificate will be considered as the date of delivery. However, liquidated damages for late delivery will not be assessed on commodity delivered by railcar or piggyback if the bill of lading was issued prior to the beginning of the delivery period. Timely delivery is important to fulfill the nutritional and dietary needs of persons for whom the commodity is intended. It is difficult to quantify the value of nutritional and dietary needs, but the parties involved agree that the above rate is a reasonable quantification of such value. In addition, liquidated damages include, but are not limited to, compensation for the impairment of USDA's credibility in administering programs which are dependent on timely delivery of commodities.

IX. INVOICES AND PAYMENT

Invoicing and payment will be handled in accordance with Article 70, USDA-1, except that a properly prepared invoice package must include the following supporting documents:

- A. USDA Form KC-269 (Notice to Deliver) or commercial invoice form;
- B. Origin USDA Egg Products Inspection Certificate issued at time of checkloading; and
- C. A copy of the Bill of Lading or other commercial receipt signed by recipient agent evidencing delivery date and quantity of product delivered or destination USDA Egg Products Inspection Certificate evidencing delivery of product.

The properly prepared invoice package must be mailed or delivered to the Kansas City Finance Office (KCFO) at the address shown in Section X.C.

When applicable, the Contractors will note on their invoices, "Invoice subject to adjustment in transportation costs." (See Section VI.)

Interest will be paid in accordance with the provisions of the Prompt Payment Act (31 U.S.C. § 3902 et seq.) if payment is made beyond the seventh day after the date of delivery. For the purpose of payment, the date of delivery of each shipment of product will be the date of receipt by KCFO of a properly prepared invoice package for the product.

USDA payments must be made directly to a financial banking institution. To receive payments electronically, Form SF-1199A, Direct Deposit Sign-up Form, can be obtained from KCCO, Commodity Financial Operations Division, ICB; Telephone (816) 926-2550.

When payment by electronic transfer has been established, the Contractor must notify the Contracting Officer of the mailing address for the disbursement statement.

Browser Requirements

Netscape 4.07 or above
OR
Internet Explorer (IE) 5.0 or above

The browser must be capable of handling 128-bit encryption. To determine this:

In IE, go to **Help/About Internet Explorer**. The display will show the following:

Cipher Strength: 128-bit

If it does not, you can download a new version of the browser from Microsoft at <http://www.microsoft.com>.

In Netscape, this can be determined by going to **Help/About Communicator**.

The display will show the following:

**This version supports U.S. security with
RSA Public Key Cryptography, MD2, MD5
RC2-CBC, RC4, DES-CBC,
DES-EDE3-CBC.**

If it does not, you can download a new version of the browser from Netscape at <http://home.netscape.com/download/index.html?cp=djucc4>. Choose the 128-bit Strong Encryption* version for your download.

The Production site is <https://pcsd.usda.gov:3077/mdbc1000.exe?>.

Proxy Servers

Most connection problems are the result of improper browser version, not using 128-bit encryption, and connecting through your corporate proxy server. The proxy server must be set up to allow HTTPS protocol through the appropriate port: Production will be 3077.
